RECEIVED

DIV. OF OIL, GAS & MINING

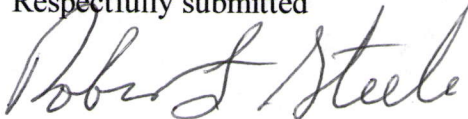

Subject: HICAL #1 Mine Plan

Because the Division has ignored the third party mine reclamation estimate and has arbitrarily set an excessive amount of bonding on said property per acre, along with other regulations; this mine cannot operate profitably. The mine operators have chosen to reclaim the mine and closeout the large mine plan.

My partner, Terry Steele and I will bond for approximately two acres and keep the claims and the Small Mine Plan intact.

The reclamation will begin as soon as possible and should be done by ^{July}~~June~~ 10, 2006. The reseeding will be done in October.

Respectfully submitted
